ATECPOOL INTERNATIONAL GROUP

ATECPOOL CLEANING EQUIPMENT

Ultimate cleaning robot

The world's first Robotic Pool Cleaner using Poseidon TM 200-meter. Deep-Sea Technology Underwater Special BLDC Motor.

Brightbot 6000 provides smart, thorough, and effort-free pool cleaning experiences, bringing limpidity back to your beloved pool. Our technology can turn that experience into an extremely rewarding one, by adding quality and safety with low maintenance routine, giving you and your family the best quality moments.

Atecpool Brightbot 6000 can be remote-controlled with **ATECPOOL APP** available to download in Google Play and App Store.

Atecpool Brightbot 6000
Pool Robot

Atecpool Brightbot 6000 Pool Robot

Robotic pool cleaner independently developed by ATECPOOL for private, public, commercial, and other scenarios.

The world's first Robotic Pool Cleaner using Poseidon TM 200-meter. Deep-Sea Teachnology Underwater Special BLDC Motor. Controlling the cleaning process with an APP "ATECPOOL Brightbot 6000" makes pool cleaning effort-free. Supported by Brightbot S-Clean and S- Climb technologies, 6000 can easily handle various pool shapes and pool wall climbing. The brushless motor, dual water suction pump, and dual active brush can ensure thorough, effective, and reliable pool cleaning works. The double-layer filter screen allows stratified filtering. The Tap 'n' Collect function allows you to remove Brightbot 6000 quickly and easily from a pool.

Optional caddy is available for easier transporting and storing.

Brushless Motor, Reliable and Durable

Brightbot 6000 robotic pool cleaner adopts Brightbot brushless motors, which can reduce the interference of electric spark. The brushless motors can provide smooth, stable and reliable power, giving 6000 a long service life.

Can reduce the interference of electric spark

Can provide smooth, stable and reliable power

Can extended 6000´s service life

Optional Caddy available

Double Layer Filter Screen Enables Stratified Filtering; Large Capacity, No Canister-Full

Brightbot 6000 has double-layer filter screens. The inner rough filter can screen out tinny stones, gravels, and twigs, while the outer filter panels have more excellent fineness and can filter soil, debris and lipid.

The 6L exra large canister sets you free from worrying about its capacity. It only needs one press to access the canister and then you can give it daily cleanings.
Cleaning Accessories
Vacuum Heads

Cleanstar Heavy-Duty Aluminium Vacuum Heads

- Made of anodized aluminium
- Ideal for in-ground pools, the unique 3- section articulated body enables vacuuming into the base of pool walls
- Extra heavy weight for easy gliding. Heavy-duty metal handle with pivot maintains good surface contact
- Non-slip wheels with stainless steel hardware
- Full-length underside brushes help dislodge debris
- EZ-clip handle facilitates connection to standard telepole. Fits 38mm/ 11/2" and 50mm / 2" vacuum hoses
- New reinforced nylon structure

Digital Test Kit

Lovibond Scuba II Digital Test Kit

00505078

Specifications

- Every pool owner should check the most important parameters in his pool at regular intervals. This is the only way to ensure that water quality is maintained at the right level and to arrange dosing in an optimum manner.

- The Scuba II enables the operator to check the pool water quickly and accurately. The integrated sample chamber is filled by immersing it in the water.

- A tablet reagent is added and generates a characteristic colour which can be measured using the photometric principle. The result is then displayed on the screen. Five parameters: free chlorine, total chlorine, pH, alkalinity and stabilizer (cyanuric acid) are measured within a few minutes.

Code	Description	Optics	Power	Display	Dimensions	Weight
					(mm)	(kg)
00505078	Scuba II Test Kit	Temperature-compensated LED (λ = 530 nm) and photo-sensor	2 batteries (AAA), capacity ca. 100 tests	LCD	145 x 70 x 45	0.165

Floating Dispenser

Allows easy dosage of pool chemicals with capacity for 4 tablets, 200 grams each.

Code	Description	Diameter of tablet	Unit
		inch	
00505338	Floating dispenser	3"	1

Cleanstar Jumbo Float Thermometer

Jumbo size with an easy-to-read scale. Can be read without having to take the thermometer out of the water. Securing cord included. 0ºC - 50ºC temperature range. Floats on pool surface. 40 cm height.
